IV. Statement of Claim

I was incarcerated at the Winnebago County Jail in April 27, 2006. I witness the food trays being slid across the County Jail Gray painted floor. Before and after each meal, Breakfast, lunch and dinner, all inmates stacked their food tray on the floor, on top of each other. When taking the food trays back to the kitchen. Correctional Officer and Trustee came back to the trays and slid the food trays across the Gray paint Jail floor. Sliding the trays across the floor caused the bottom of the trays to scrape Gray paint off the floor. Also caused the bottom of tray to start deteriorate. After sliding the trays across the floor, dirt, paint, bacteria and germs was being taken back to the kitchen. Contaminating it each and every day. Three (3) Times a day.

When eating your food you could see paint on top of all trays. This kind of practices went on for years. Eating with bacteria in your tray and food. I seen trays being slide across the Gray painted floor.

ON april 27, 2006 to May 20, 2007. Some inmates witness food trays being slid on the floor for years. As far back as the year 2000 to 2007 (6 to 7) years. Each tray had Gray paint on the top and bottom of tray. When we ate we ate paint, dirt, Germs and bacteria. MID number shows how far back inmate seen trays sliding across the floor.

Here in this 42 U.S.C. 1983 Law suite packet. Some inmates witness the sliding of food trays for years. They gives their Name, Date of Birth, MID no., and signing of statement. Some trays had holes in them, causing water to drip down into the trays below them. When water drip down it contaminated food trays below. We all stayed very sick all the time. How could the Health Department let this practice go on for so many years (6 to 7 yrs.). Winnebago County Jail was not doing anything to make it better. Digesting these bacteria had a lot to do with inmates being sick. Staff Infections in the Winnebago County Jail. Being feed Germs every day, three (3) times a day. Some

inmates turned the food trays upside down, what we seen was paint under the bottom of the trays. The bottom of trays was completely cover with paint. The bottom of trays sliding for six(6) to seven(7) years cause the bottom to deteriorate. The top of trays had paint on them also. Clearly the HEALTH DEPARTMENT was not doing its job right. Negligently to do their job right. Cause a lot of inmates to be feed a lot of bacteria. Win. County Jail was not doing their job right to make things better. ARAMARK has been in charge of the kitchen for seven(7) yrs. How can they not see what was going on in and out side of the kitchen. The trays was not being clean. The tray dishwasher was not working properly. Words can not explain the nasty, dirty, germs and bacteria that went on inside the kitchen. This goes beyond negligent not to do their job right.

On may, 2007 we move to a new Estlishment. Winnebago County Justice Center. Thank GOD things got much better.

The Substitute doctor was here for two (2) weeks. I explained to him about my pain and discomfort. I told him how severe the pain gets. Also I told him the difficulty I had dealing with the pain without the proper medication. He checked my medical Records and my body. He then prescribed me some medicine for the bacteria. Thank God! I begin to feel better. Some time in Aug. 31, 2007 the Winnebago County Justice Center medical Department. Sent the Nurse practitioner, Sandra to visit me in my Pod 3A. She order a Blood test. She got the results back and she prescribed some Anti-biotic to help fight bacteria in my ~~body~~ body. Causes heart damage and Stomach ulcers. Now I suffer from them both. The Heart and stomach pain each and every day. I thank very much.

~~214~~ N, church st. 61101

I witnessed the food trays
 being slid across the
 Winnebago County Jail floor.

The floor color was gray.

After each meal, every inmate
 stack their food tray on the floor,
 on top of each other. Correctional
 Officer and trustee came back
 to the tier (trier) and slid the
 food trays across the floor. Take back
 to the kitchen.
